

SIX HUNDRED ATTEND ANNUAL-PAGEANT

The 1941 Pageant depicting the "Life of Benedict Arnold, Patriot and traitor", was declared a success by the attendance of over six hundred visitors and scouts. Bo Brett, the producer and director stated, "The pageant went off as well as it could have, with the material on hand!" He complimented the cast, and said, "Everybody cooperated, willingly, in every way possible!"

The weather was in fine accordance with the theme. The late mention of the moon permitted the changing of the scenes unobserved, while later in the evening the stars came out, lending atmosphere to the set.

Al Cullen heartily supported the choice of the theme, and gave much credit to the staff which altered the scenes.

Both officers agreed that Ed Moore, who composed the music did an excellent job. The compositions set the proper feeling and mood for the scenes. All the camp officers who expressed their opinions, spoke very highly of the production.

OFFICER'S DANCE

On Saturday night the Second Officers Dance of the season will be held. The Officers of camp will present a variety program preceeding the dance. Different committees have been appointed with Bob Allen in charge of the whole affair. The committee for the dance is as follows; Edgar Moore, Music; McKeon and Pete Loiseaux, Refreshments; Don Lord, Charles Werner, Don Davis and Louis Ruddock, Decoration. The regular camp orchestra will be supplemented by a few fellows from outside the camp.

OLYMPIC-WEEK MANY-ATHLETIC-EVENTS TO BE HELD

Olympic Week will officially open with a swim meet on Sunday, August seventeenth. A system of points has been devised, and the scout winning the most points, in both Junior and Senior divisions, will be awarded prizes. There will be five places, so everybody has a chance.

Monday there will be a track meet which will contain all events, and on Tuesday, the boat regatta will take place. In all events, there will be both junior and senior heats. A soft ball game will be played on Wednesday, while the cross country race will be held on Thursday.

This week, the last of the 1941 camping season, will give the opportunity for those scouts, who are athletically inclined, to show their mettle in the field of sports. Everybody, whether or not he excels in sports, should come on and join the fun of this closing week of camp. This is the week in which the scouts have the most fun. Everybody plays, and everybody wins, and as in this week everybody gains, nobody loses, you should all join in the activities.

Last year, troop one took the first place in Olympic Week, with Ed Gealy of troop one taking first place in the Senior Division and Peters of Troop Five taking first in the Junior Division.

No one can predict who the 1941 winners will be, but the campers and officers of Nauwepex are looking to the future with the greatest of interest.

SPORTSMANSHIP

We are entering into the last week of Camp. In this week, our good nature will be severely tried. One thing which should always be kept in mind is "Sportsmanship". Be a good sport where ever you are, or in what ever you are engaged. This is especially necessary during Olympic Week. Always remember the other fellow. He has a mind and a reaction the same as you do and he may be in the same stress as you are. By keeping this in mind, the coming action of the week will be made easier.

Athletics is fun, and yet it is work. It is work for those who make a hard job out of it. Yet, on the other hand, ninety per cent of the boys in camp who enter into the games this week will enjoy every minute of the time spent. A good athlete is not always the one who excels in sports, but he is the boy who can play the game fairly. So let us all "Play the game fairly". I would rather watch a football game that is fast clean game, then one in which a player is carried off the field every five minutes. In the latter case neither team is having a good time.

H.M.H.

PERSONAL ? NOTES

JACK ROGERSON

If he's not singing he's whistling, if he's not inspecting his troops he's on his day off. Yes, Jack Rogerson is always on the go from morn till night.

Jack an Eagle scout has been connected with troop 83, Floral Park for 11 years. He was born in Mincola the home of Nassau County Scouting, and reared in Floral Park.

Now a senior at Worcester Tech where he is very active, Jack studies chemical engineering. His ambitions after graduation are one of three, becoming a chemical engineer either in the army or the navy. Believe it or not but were it not for Camp Wauwepex Jack would probably never have attended Worcester Tech.

His hobbies are varied and many, they include skiing, singing (remember him in last years pageant) shooting, camping at Wauwepex, working with leather and working with people.

Jack likes his job very much but he's adverse to troop leaders who consistently put their feet on his bed.

A member of the model A gang? You bet he is and he reports that his car has never let him down which is more than some people in camp can say.

This is Jacks last year in camp and when he goes he will not be the only member of his family we will miss because his mother sure can bake those pies.

NEWS FLASHES

F.D.R. and W.Churchill in a meeting on the high seas formulated an eight point peace plan.

The Draft Extension Bill recently passed by Congress has gone to the President for his approval.

QUESTION & ODDITIES??

THE WEEK

QUESTION: "What dr whom do you think about most here at camp?"

ANSWERS:

Bob Best;-Nancy Carr

George Carr;- My day off, and what will happen to the troop on it.

Arthur Bernstein;-Better job next year-in the Craft Lodge.

Larry Lord;-Peggy Machlin

Carl Lord;-I worry about Larry.

Harmon Swits;-Ruth Avery and a troop nex year.

Frank Shakespeare-Eagle and money.

John Verity;-Eagle and a good position.

Bob Meyer;-Ventilation in my dark room.

Ed Sealy;- The triplets.

Tom Blyth;-Food and a cross country flight in a strato-liner.

Mr. Duncan;-Improvements in get to work.

Dick Spooner;-My girl on her vacation and how I will finance college next year.

Bob Brett;-Shirley Lawton, camp, and the plays.

George Cook;- Nothing

Anonymous;- Alice Allen

Don Davis;- Buddy Check

A modern girl is a vision in the evening and a sight in the morning.

With the approach of the second Officer's dance of the season the mail at the Administration center has increased considerably. (Don't blush Bud)

Grandma used to wear a night cap now she drinks it.

The Union Pacific Railway Inc. of Troop Six seems to have gone into bankruptcy. Railway President Hostage is now hiding out.

The corn at the Upper Mess Hall is now in competition with the French Toast.

Scouts, do you wonder why the light was burning all night long in the waterfront tent. The reason is that a certain officers' SUN TAN LAMP is busy all the night.

ADVICE TO OFFICERS: Don't kiss a girl at the buckskin gate, Love may be blind but the wolves in the Adjutants aren't
