RECORD-SEASON-SEEN

WORK-BEGUN on MEMORIAL

In the summer of 1939 Scouting in Nassau lost one of its' most beloved Scouters, in the death of Carl Stedman Brown of Baldwin. He was long active in the County serving for the last fourteen years as President of the Nassau County Council. Carl Brown's death was a blow to all those connected with Scouting in Nassau.

His first contact with the Boy Scouts came in 1923 when he became a committeeman of Troop three Baldwin, in which capacity he served until his death in 1939. His work was so outstanding that in 1924 he was elected a Vice President of the County Council. Later in 1925 he was elected President of the Council, holding that office for fourteen years until his death.

Friends of Carl Brown remembering his dream of a permanent gateway to the camp pledged themselves to erect a gate-lodge in his memory. The Lodge will be a historical museum containing the life stories of Carl Brown and the men he worked with in Scouting. This will tell the history of Scouting at Camp Wauwepex. During the past several weeks construction on the gate has gotten underway and it will be completed in the near future.

Many Changes Made In Camp Staff

With an increase of eighty three per cent in registration over last year Wauwepex faces probably one of its' most successful seasons. A Pioneer Squad of fifteen boys and the entire staff have spent an entire week in setting up the different departments and in seeing that everything was in first class working order. Many changes have been made in the camp personnel tending to a more efficient management of the camp.

Some of the old timers who are with us again this season are; F. Howard Covey, Camp Director; Irving F. Southworth, Assistant Camp Director; Louis W. Felter, Craft Lodge Director; and Herbert Grace, Quartermaster. Those two veteran campers, our former Adjutant, Al Cullen and Camp One Steward, Jack Rogerson are back with us as Camp Directors for Two and One respectively.

The staff of the Administration has had a complete change, with Lawrence Muller taking over the position of Camp Secretary, vacated by Marc Fisher; Richard Spooner occupying the position of Adjutant; and Bill Rescorl in the position of Camp Publicitor and Headquarters Helper.

With a few exceptions the entire Craft Lodge Crew has been changed. Don Lord is first Assistant to Mr. Felter and has direct supervision over the rest of the squad.

CAMP REACHES MATURITY

At 2:00 o'clock today Camp Wauwepex will officially enter its twenty first season. With maturity comes an added responsibility, not only to the officers and men in charge but to the youth of the country, the campers, the boys who come to camp to receive instruction and guidance. It is more important today than at any other time in history of the camp that the Scouting spirit be kept paramount. The future as seen now holds promise of dark days and times when men resort to tactics that are the very opposite of the Scouting ideals. If in any way Wauwepex may do something to alleviate or counteract any of these trends it is ready and willing to do so.

Started in 1920 by a group of men devoted to Scouting and to the Scout ideals, Wauwepex has grown. Grown from a small troop camp to a modern up to date summer camp capable of accomodating upwards of 350 officers and boys. With this growth, as is natural, came added responsibilities. The welfare of boys from all parts of the county was entrusted to its' care. It had to do a good job. And as evidenced by the progress made by men of Wauwepex in all fields of endeavour, it has done its' job, and done it with outstanding success.

So stands the reputation of Wauwepex and so lies the path that it must pursue in years to come.

PERSONALITY Of THE Week

LAWRENCE J. MULLER

Lawrence J. Muller, better known as Larry, our dynamic Camp Secretary is perhaps one of our oldest campers, in point of summers spent at camp. An eagle scout Larry has long shown himself to be an able leader capable of coping with any given situation. At the age of twenty-two Larry can look back to ten years spent at Wauwepex, four of these as an officer. At different times he has held the positions of Troop Leader, Assistant Cook, Dramatics Director and Camp Secretary.

During the past few years Larry has been closely associated with Scouting. He has spent a Season at the World's Fair Service Camp as Director of Activities and is now working in the business division of National Scout Headquarters at Two Park Avenue.

Larry attended Massachusetts Institute of Technology where he maintained a straight B Average. He is now attending New York University Night School.

Your reporter asking Mr. Muller for a statement on Wauwepex received the following reply, "Wauwepex is a place where people can have more fun than anybody".

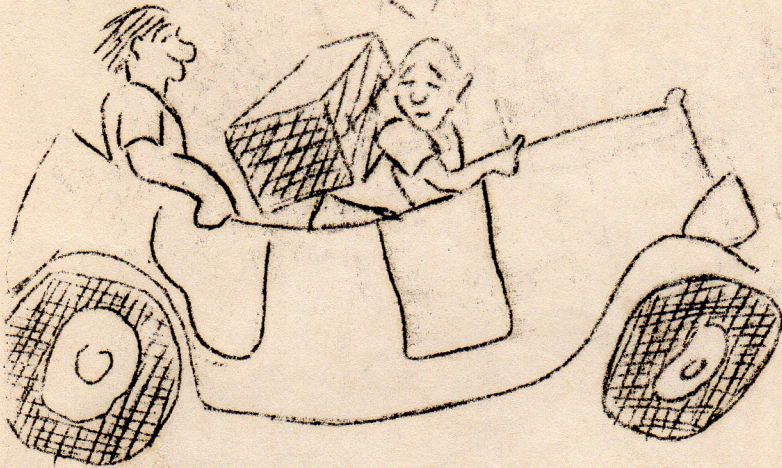

MUSIC AND NATURE

The Music Dept. started its season with a retreat band practice on Thursday. The Scouts that have come into Camp this week that play are urged to contact Edgar Moore the Music Dept. head. There is a place for all these Scouts in either the Junior or the Senior Bands.

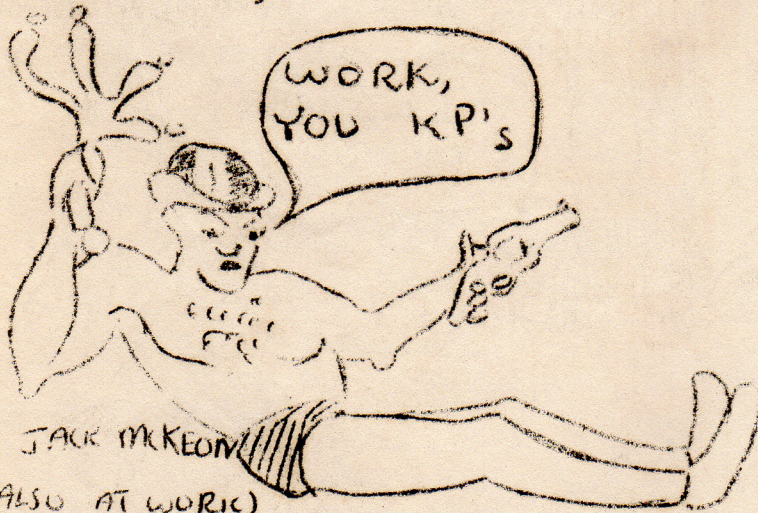

With the start of a new season the Museum now has installed facilities to make leaf prints.
