

"Camp Wauwepex," for Nassau Scouts, to Open Next Week

The summer camp of the Nassau County Council which is to be held from July 16 to Aug. 27, has been named "Camp Wauwepex," the Indian name meaning "good watering place." Although the camp bulletin has not been sent out, a large number of registrations are coming in and the present indications are that the camp will be filled to capacity. Charles A. Jones has been secured as chef. He has had nine years experience as an army cook and mess sergeant (18 months overseas service), four years as cook in Alaska, besides a number of years experience as a round-up cook for the cowboys in Montana, thus assuring the campers of a competent man in charge of the "eats."
